Lighthouse for Broken Wings - A Sheltering Heart Fall Drive

You can follow this QR code to
their Amazon wish list that
includes diapers, personal care
products, cleaning products, and
linens.

.....

Lighthouse for Broken Wings is a 501(c)(3) nonprofit organization, began in 2015, whose mission is to decrease the population of families, individuals, people with disabilities, those with medical and mental health complications, and elderly people who are experiencing homelessness. Two programs have been developed to serve people experiencing homelessness,

- Lighthouse for Broken Wings provides transitional/permanent supportive housing for nine individuals and one staff member.
- A Sheltering Heart provides both short-term and long-term emergency housing year round at a local hotel. In 2025 so far, 200 clients were served including 30 children and teens. 80% of adult clients are employed.

The lack of affordable housing is one barrier for those experiencing homelessness, and providing emergency services and temporary housing is essential.
